

Active kids learn better. When students get more time for health and physical education (HPE) they do better physically, mentally, and emotionally.

**Daily HPE**

Good for Kids & Good for Schools

### NEW MEXICO PHYSICAL EDUCATION

#### SHAPE America Recommendations:

All children deserve the benefits of a well-rounded education which includes **effective health and physical education provided by trained and certified teachers.**

- ★ 30 minutes of daily PE for elementary grade levels
- ★ 45 minutes of daily PE for secondary school grade levels

**73%** of New Mexico high school students

did not attend PE class at all during an average school week.

DOES NEW MEXICO...	YES	NO
Have state-adopted PE standards?	✓	
Require 30 minutes per day of elementary school PE?		✗
Require 45 minutes per day of middle school/junior high school PE?		✗
Require 45 minutes per day of high school PE?		✗
Require that only certified physical educators teach elementary PE?	✓	
Require that only certified physical educators teach middle school/junior high school PE?	✓	
Require that only certified physical educators teach high school PE?	✓	

**TAKE ACTION:** Any red “✗” above indicates an opportunity for improvement.

### SPEAK OUT FOR HEALTH & PE

The *Every Student Succeeds Act* (ESSA) identifies school health and physical education (HPE) as part of a student’s well-rounded education, giving all HPE teachers an opportunity to elevate their program and gain support from their school and local community.

**Stay informed. Get involved.**

### HEALTH EDUCATION TRENDS IN THE UNITED STATES

Percentage of Schools that Follow Standards-Based Health Education

Percentage of Programs Taught by a Certified Health Educator

#### PARENT SUPPORT FOR HPE

**91%** of parents feel that there should be more physical education in schools, particularly for addressing obesity.

# PE + Health = Student Success

## Benefits of Health & Physical Education to Students

- ★ Positive relationship with **academic achievement** and **test scores**
- ★ Positive association with **attention, concentration** and **on-task behavior**
- ★ Encourages **lifetime healthy habits**
- ★ Strategy for **reducing childhood obesity**
- ★ Reduces **discipline referrals** and **participation in high-risk behaviors**

## SCHOOLS CAN INFLUENCE HEALTHY BEHAVIORS

Nearly **92%** of students that attended health education class believe it is important to their future health.

Findings from 2016 myCollegeOptions®/SHAPE America research study: National sample includes 132,096 high school students.

### PE in Schools and Long Term Effects
